

Birds of Winter in the Sacramento Valley

Ed Harper, longtime educator, tour guide and noted birder of the Sacramento area, will help you learn the finer points of identification, calls and natural history of the many species of winter birds in the Sacramento region. Both beginning and experienced birders can improve their knowledge and skills with this series of lectures and field trips.

Whether you simply want to distinguish one sparrow species from another or seek help learning the distinctive “chuck” note of a hermit thrush, this course has many facets for wide appeal. Anyone who has a serious interest in birds and enjoys their presence in our world can benefit from this class.
